

XIX WORLD CONGRESS OF THE INTERNATIONAL UNION OF PHLEBOLOGY
 Lütfi Kırdar Convention and Exhibition Center - ICEC / Istanbul, Turkey
 12th - 16th September, 2022

www.uip2022.org

15 September 2022 Thursday

Time	ICEC Hall 1 (EPHEBUS)	ICEC Hall 2 (TROY)	ICEC Hall 3 (CAPPADOCIA)	ICEC Hall 4 (PERGAMON)	ICEC Room 4-Abstracts	ICEC Room 5-Abstracts	ICEC Room 6-Abstracts
07:30-08:15	Japanese Society of Phlebology Session (Online) Takehisa Iwai, Tomohiro Ogawa, Makoto Mo, Takashi Yamaki, Takahiro Imai			Late Breaking Abstracts session & mini breakfast TBA, Adnan Taner Kurdal	Late Breaking Abstracts session & mini breakfast TBA, Umut Serhat Sanrı		
08:15-09:45	UIP Plenary Session 13 - Debate by masters Moderators: Kamphol Laohapensang, Sergio Giancesini 1- Comparison of Staged vs Concurrent Truncal Endovenous Ablation - Simultaneous treatment brings benefits - Tobias Hirsch (5 min.) - Staged treatment brings benefits - TBA . Discussion (5 min.) . 1st discussant 2- Trombophlaxis or not for thermal endovenous ablation: - DVT prophylaxis is necessary in patients undergoing thermal endovenous varicose vein treatment - Alun Davies - No sometimes! TBA (5 min.) Sarah Onida . Discussion (5 min.) . 1st discussant TBA 3- Treatment of spider veins (5 min.) - Clacs - Kasuo Miyake (5 min.) - Sclero only - Alexandra J. Kaczorowska (5 min.)						

09.45-10.15	COFFEE BREAK						
10.15-11.30	<p>UIP Session 14 - Venous leg ulcer forum</p> <p>Moderators: Anders Lundell, Markus Stücker, Ufuk Demirkilic</p> <p>What is the first in venous leg ulcer: Ablate or stent? Ethymios Avgerinos</p> <p>What are news for stem cell therapy - Dong Ik Kim</p> <p>Use of epidermal growth factor to promote venous leg ulcer healing - Shoaib Padaria</p> <p>What is the standart care for venous wounds TBA</p> <p>Adjuvant wound therapies for intractable venous leg ulceration: Who, when and why? Ayman Fahmy</p> <p>Management of Venous ulcer - NC Lew</p> <p>Update on negative pressure wound therapy</p> <p>Shantonu Kumar Ghosh - Does CAVA trial has changed the daily praxis? Cees Witters</p> <p>A randomised trial of 3 compression systems in the prevention of recurrence of venous ulcers - Dragan Milic</p> <p>Discussion:</p> <p>1st discussant - VAC experience for venous ulcers İlhan Koray Aydemir</p> <p>2nd discussant - Results of venous ulcer treatment Mecit Gökçimen</p>		<p style="text-align: center;">UIP in other languages- Italian</p> <p>Moderators: Claudia Allegra, Maurizio Pagano, Pier Luigi Antignani</p>	<p>UIP in other languages- Spanish 3: More on veins</p> <p>Moderators: Fabrizio Santiago, Alvaro Orrego</p> <p>Laser combined with FOAM TBA</p> <p>Venous Tsuna Carlos Simkin</p> <p>Discussion: Miguel Avramovic</p> <p>Discussion: Roberto Corvete</p> <p>AVF Venous Aneurysm Lorena Grillo</p> <p>Stenting in young people Alfredo Prego</p> <p>Discussion: Alexis Esposito</p> <p>Discussion: Javier Cabezas</p> <p>Approach to Lipedema in Venezuela Josefina Carvallo Lanz</p> <p>Discussion: Guillermo Diez</p> <p>Discussion: Sofia Rochet</p> <p>Neuritis secondary to radio frequency thermal ablation of the saphenous vein - Juan Bombin</p> <p>Thermochemical ablation (hybrid) as an option for dilated saphenous veins - Hugo Navas</p>	Abstract session 9 (Iranian)	Abstract session 9 (Russian)	
11.30-11.50	COFFEE BREAK						
11.50 -12.30			<p style="text-align: center;">UIP session on Anterior Saphenous Vein</p> <p>UIP session on anterior saphenous vein</p> <p>Moderators: Mark Meissner, Nicos Labropoulos</p> <p>General considerations Mark Meissner</p> <p>Clinical anatomy Alberto Caggiati</p> <p>Clinical presentation Nicos Labropoulos</p> <p>Impact on clinical practice Ed Boyle</p> <p>Clinical case Suat Doganci</p> <p>Treatment TBA</p> <p>Discussion</p>	<p>UIP in other languages- Bulgarian</p> <p>Moderators: Elena Goranova, Dimitar Petkov</p> <p>Incidence Of Deep Vein Thrombosis In Covid-19 Patients: A Single Center Prospective Study - Ralitsa Nikolaeva et al.</p> <p>A Whole New Approach to Mechanochemical Ablation (MOCA) - Nikolay Valchev et al.</p> <p>Comparison Between the Radiofrequency, Laser And Mechanochemical Ablation Results. A multicentric trial - Elena Goranova et al.</p> <p>Surgical Approach for Pulmonary Thromboembolism Prevention In The Infrainguinal Segment - Svetozar Marangozov et al.</p> <p>Endovascular Treatment of Chronic Post-traumatic Popliteal Arteriovenous fistula - Nikola Kolev et al.</p>			
12.30-13.30	Lunch with the experts (Q&A)						
13.30-15.00	<p>UIP Session 15 - Aesthetic Phlebology Session</p> <p>Moderators: Kasuo Miyake, Julio Paciat</p> <p>What is aesthetic phlebology? Kasuo Miyake</p> <p>What is and how to use Score 9-1 (augmented reality and ultrasound in phlebology) Anelise Rodrigues</p> <p>Optimizing ultrasound parameters on aesthetic Phlebology - Rodrigo Bono Fukushima</p> <p>Photo-documentation protocol in phlebology - Kasuo Miyake</p> <p>Russian experience for ClACS – Evgene Bereznoy</p> <p>Indian experience for ClACS - Ashish Dhadass</p> <p>Perspectives of aesthetic phlebology in America - Julianne Stoughton</p> <p>How to manage systemic complications during venous procedures? Fabrizio Santiago</p> <p>Mini phlebectomies techniques. Avoiding mistakes. Paul Pittaluga</p> <p>Discussion</p> <p>1st discussant TBA</p> <p>2nd discussant TBA</p>	<p>UIP Session 18 - Lymphatic disease (Joint Session with Lymphatic Education & Research Network</p> <p>Moderators: Steffan Horst Peter, Dragan Milic, Hasan Tüzün</p> <p>The Advent of Lymphedema's Modern Age William Repici, President, Lymphatic Education & Research Network</p> <p>When to use inelastic compression? Patriciaef Darwis</p> <p>Compression for lymphedema patients – which one is the best? when and how? Pinar Borman</p> <p>The role of compression therapy at patients with lymphoedema and erysipelas infection - Tanja Planinsek Rucigaj</p> <p>Current view of lymphedema Luis René Arias Villarroel</p> <p>Treatment of concomitant iliac vein obstruction and secondary lymphedema Wuttichai Saengrakai</p> <p>Gold standard treatment pathways for lymphoedema and lipedema Andrzej Szuba</p>	<p>UIP in other languages- Russian 3</p> <p>Chairmen: Bogachev V.Yu., Tursunov B.Z., Borsuk D.A.</p> <p>Surgical treatment of varicose veins in patients older than 80 years - Belentsov S.</p> <p>Histological confirmation of biodegradation of cyanoacrylate glue "Sulfacrylate" in phlebological practice - Alexey Fokin et al.</p> <p>The MRI anatomy and variant cross-sectional area of the veins of the retroperitoneal space - Iukhnovich Karolina et al.</p> <p>Modern treatment methods of head and neck extracranial venous malformations in children - L. V. Voznitsyn</p> <p>Comparative characteristics of surgical treatment methods in patients with complicated forms of chronic venous insufficiency - Tokan Sultanaliyev</p> <p>Computer simulation of the EVLCL process for determination of the temperature of vein and perivenous tissues on the energy characteristics of the two-micron laser radiation - S.A.Artemov et al.</p> <p>Endovenous laser coagulation of post-thrombotic varices after varicose vein thrombophlebitis Semenov A. Yu et al.</p>	Abstract session 11 (Italian) Section 3	Abstract session (spanish)	<p>UIP in other languages-Korean</p> <p>Moderators: Dong-Ik Kim, Wonsuk Chung</p> <p>Incompetent intrasosseous perforating veins - Jae-Han Jang-kovid, nederlyle gelmyor</p> <p>Combined treatment for recurrent varicose veins - Gi-Wha Kim</p> <p>Modified Surgical Treatment in superficial venous insufficiency of the great saphenous vein : Single center retrospective study Woo-Shik Kim</p> <p>Laser Assisted Sclerotherapy (LAST) – New Method of MOCA for varicose Vein Jin-Won Jeon</p> <p>PostCyanocrylate Allergic Reaction(pCACR) after cyanocrylate closure operation for varicose vein Jin-Won Jeon</p> <p>Endovenous laser ablation of varicose veins due to medial thigh perforator reflux Won-Suk Chung</p> <p>Surgical tips for vascular malformation Dong-Ik Kim</p> <p>Prophylactic antibiotics for combined endovenous ablation and phlebectomy, necessary or not? A propensity score matching case-control study - Kisoo Ye</p> <p>Anatomical Variation of Brachial vein and Basilic vein in Upper Arm - KJ-Yoon Moon</p> <p>Is venaflora L and Centella asiatica Effective in Chronic Venous Insufficiency? : A Randomized Clinical Study - Byeoung-Hoon Chung</p> <p>Discussion</p>	

15.00-15.30	COFFEE BREAK						
15.30-16.15			<p>☞ Middle East Venous Session Moderators: Deena AlQedra, Martin Maresch</p> <p>Complex Venous Recanalizations Martin Maresch Different ablation techniques, results and pitfalls Francesco Serino Percutaneous AVF creation: planning, tips and stepwise approach Samir Kousayer Prevention and the Management of Post Thrombotic Syndrome Isam Osman Management of Slow flow AVM Mohamed Badran</p>				
16.15-17.45	<p>UIP Session 17 - Venous imaging Moderators: Nicos Labropoulos, Takehisa Iwai, Irwin Toonder</p> <p>. How can we assess the symptoms of the chronic venous disease by US? Nicos Labropoulos . What are the limitations of DUS in pelvic veins? Judy Holdstock . Are all patients need suprainguinal venous USG? Ihan Yurdakul . IVUS for the interpretation of venous pathology - Houman Jalale . Common mistakes during lower limb venous USG examination - Ismail Mihmani . Determination of validated duplex ultrasound (DUS) criteria for Pelvic Venous Disorders (PEVD) - Irwin Toonder . Can we perform deep venous procedures without dedicated hybrid room? Ali Aycan Kavala . 3D SURFACE SCAN, a new technique of limb volumetry Jean Francois Uhl Discussion . 1st discussant TBA Pier Luigi Antignani</p>	<p>UIP Best 8 abstracts session Moderators: Sarah Onida, Dimitar Petkov, Ufuk Demirfiliz 2517, 2845, 3712, 4301, 4592, 5767, 5611, 6469, 6772 8138, 9976, 9602</p>	<p>UIP Session 19 - All about pulmonary artery: From acute pulmonary embolus to chronic pulmonary hypertension</p> <p>(Supported by Bayer) Moderators: Tankut Akay, Cihangir Kaymaz - Current devices for catheter directed PE treatment Efthimos Avgerinos - Catheter directed PE treatment single center experience Cihangir Kaymaz - Does every acute pulmonary embolism evolve to CTEPH? Mustafa Sirtak - CTED or CTEPH? this is the question - Mehmed Yanartaş - CTEPH, diagnosis and prognosis - Ozlem Ergeç Diken - CTEPH -Medical Treatment - Hesrin Öcal - CTEPH surgery, when and how? Tankut Akay . Discussion . 1st discussant Burçak Kılıçkiran Avcı</p>	<p>Abstract session 11 (English) Emrah Uğuz, Ünal Aydın</p>	<p>Abstract session (Russian) 11</p>
